Request for Consideration of Previously Submitted IDS

Sir:

On September 3, 2004, Applicants concurrently mailed to the U.S. Patent Office documents relating to (1) the payment of an issue fee and (2) the submission of an IDS. The Patent Application Information Retrieval system indicates that the Patent Office did not properly docket this IDS before dispatching the application to Final Data Capture (FDC).

As indicated by the attached bank account summary statement, the Patent Office cashed not only the check for the issue fee (No. 8060 for \$1,630) but also the check for the IDS fee (No. 8059 for \$180). The Patent Office, therefore, charged Applicants for the aforementioned IDS submission (*i.e.*, \$180) but failed to complete its docketing in a way that will result in the Examiner's consideration of the references cited therein.

In summary, Applicants timely submitted the attached IDS in accordance with the provisions of 37 C.F.R. § 1.97(d) and MPEP § 609. Accordingly, Applicants respectfully request that the Patent Office promptly docket the IDS and forward the application to the Examiner for his consideration of the cited references.
